LEARNING OUTCOMES

By the end of this course, candidates will be able to:

- Understand the importance of their role in managing health and safety in their workplace
- Define key health and safety terms
- Identify hazards and carry out an effective risk assessment in the workplace
- Describe how to identify, measure and control hazards and risks
- Understand their responsibilities in relation to health and safety at work
- List the steps that need to be taken to effectively investigate incidents
- Apply practical steps to measure the effectiveness of health and safety programmes in the workplace

ANTICIPATED BENEFITS OF ATTENDING (FOR THE EMPLOYER)

- Improved health and safety awareness, which means less accidents.
- Proven reduced number of sickness and absences.
- Greater productivity from your team because of this.
- Increase business reputation with an approved IOSH certificate.
- Impactful results that can be implemented immediately after the IOSH Managing Safely Course is finished.
- Promotes a civil responsibility guaranteeing a safe workplace for everyone.

WHAT CERTIFICATION WILL YOU ACHIEVE?

The delegate will receive approved IOSH certificate upon successfully completing the IOSH Managing Safely Course and assessment.

An IOSH approved certificate never expires. However, IOSH recommend taking an IOSH course every 3 years to refresh your training.

We have also developed a 1 day refresher course. Please see our Managing Safely Refresher Training for more details.

The IOSH Courses can also result in CPD (Continuing Professional Development) hours towards maintaining your membership at your professional institute.

HOW IS THIS COURSE DELIVERED?

Learning will be delivered entirely online, this course offers interactive lessons, practical examples, and flexible, self-paced learning, making it ideal for professionals with busy schedules. Learners will receive assistance from a dedicated tutor and technical support team for all your questions.

At the end of completing this course, there will be an assessment which consists of 2 parts.

Exam

Multiple choice examination in which candidates must demonstrate what they have learnt.

Practical Assessment

Practical assessment in which participants must show how to apply the knowledge they have gained throughout the course to real life situations.

The pass rates are as follows:

Multiple Choice Exam – 60%
Practical Assessment – 70%

RECOMMENDED SYSTEM REQUIREMENTS

- Browser: Up to date web browser
- Video: Up to date video drivers
- Memory: 1Gb+ RAM
